## Water Main Replacement Group Job 3008: E-Newsletter #25 | March 1, 2010

This is the 25th e-newsletter for Water Main Replacement Group Job 3008. The e-newsletter will be distributed bi-weekly for the remainder of the project to keep the community informed about construction progress. The next e-newsletter will be distributed the week of March 15, 2010.

### Project Description

The water main replacement work for Group Job 3008 is on schedule to be completed in April. Group Job 3008 consists of two sections - Group Job 532 and 533. Construction crews are replacing the existing cast-iron mains that are nearly 60-years old and are at the end of their service life.

### The project will:

- replace 17,979 feet of 16" cast iron water mains
- improve service reliability
- minimize future water main breaks caused by aging pipes
- increase the size of existing pipes to better serve the area

**Total project cost is \$5,777,000.**
